

**Scientific Discipline Council**

**MEDICAL SCIENCES**

**Criteria of the Qualitative Evaluation of STUDENT MINI-GRANTS**

**2020-04-01**

The number of grants in sub-disciplines is in proportion to the number N.

The grants will be awarded upon a point ranking.

The maximum number of 60 points can be awarded for the substantial evaluation.

The maximum number of 40 points can be awarded for the academic achievements so far.

The substantial evaluation will be conducted by the Scientific Discipline Council Medical Science that will assess a project according to the following parameters:

- Scientific value of the subject/originality of the research hypothesis.
- Objectives of the research.
- Proper application of methods to achieve the set objectives of the research.
