Warsaw, 15 January 2020

To:
Heads of Clinical Departments and
Institutes, MUW Employees

Subject: advance payments under funding for scientific activity of MUW units in 2020 and call for urgent publication data completion in WUM.PUBLIKACJE database.

Dear Sirs/Madams,

I kindly inform you that in the upcoming days, we will launch the advance payment financing of scientific activity of MUW units (previously so-called: statutory subjects).

Due to the small number of works registered in WUM.Publikacje – 1/3 of the foreseen number of publications in 2019, the basis for granting the advance payments will be the summary of the publication accomplishments for 2018. The distributed funds will comprise 20% of the amount allocated for the so-called statutory subjects in 2020.

I kindly ask you to, urgently, not later than by **31 January**, register the work in the WUM.PUBLIKACJE database and submit the declarations on scientific accomplishments immediately after the works are approved by the Library. In the summary of units for 2019, there will be included solely the works registered in the database for which the above-mentioned declaration was submitted and in which the consent for settling the works by MUW was expressed.

The division of the remaining funds will be made in the second half of March. The basis for the funds division shall be the summary of the activity of the units for 2019, made according to the principles applied in the previous year, including the publication accomplishments, patents and projects conducted.

Yours Sincerely,

Prof. dr hab. Jadwiga Turło
