CALLS				
Programme or financing institution	Name of call	Deadline for applications*	Scope	Link
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	BEKKER NAWA	10 May 2022	The objective of the Programme is to support doctoral students, researchers and academic teachers in their pursuit of scientific excellence by financing visits to renowned research and academic centres around the world. The Programme offers the Fellowship Holders the opportunity to complete a postdoctoral fellowship or a part of their doctoral education, carry out research in cooperation with distinguished scientists from abroad, acquire materials for their research work, and establish long-term relationships with foreign research teams.	https://nawa.gov.pl/nauko/wcy/program-imienia-bekkera/ogloszenie
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	ULAM NAWA	10 May 2022	The aim of the Ulam Programme is to increase the internationalisation of Polish institutions of science and higher education. The Programme will allow both recognised and promising scientists who hold at least a doctoral degree to stay in Poland for a period from 6 to 24 months in order to strengthen the scientific potential of Polish entities and to participate in their scientific activities, primarily research projects and didactics. The Programme will allow to invite scientists regardless of their age, from all around the world and representing all fields of science, including Polish scientists working permanently abroad (they may constitute a maximum of 10% of Fellows in the call). HEIs, scientific and research institutes as well as other eligible entities will have the opportunity to invite specialists from their priority areas to Poland – they will make a significant contribution to the research conducted by a given institution, strengthen didactics or support the institution in applying for prestigious grants.	https://nawa.gov.pl/nauko/wcy/program-im-ulama/ogloszenie

MEDICAL RESEARCH AGENCY (ABM)	Call for non-commercial clinical studies ABM/2022/1	2nd round: 17 May 2022	The main objective of the call is the development of new diagnostic and therapeutic methods in different fields of medicine. Additional points are awarded for projects on oncological diseases or childhood diseases (including infant, newborn and prenatal stages), age-related diseases, infectious diseases and their complications, e.g the post-covid syndrome (so-called long-COVID), and immunological diseases.	https://abm.gov.pl/pl/aktua lnosci/1236,Agencja-Badan- Medycznych-oglasza- Konkurs-na-niekomercyjne- badania-kliniczne-ABM2.html
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	PROFESURA NAWA	23 May 2022	The objective of the Programme is to support the highest quality scientific, research and didactic activities conducted by Polish academic and scientific units by including world-class foreign scientists in the fields of: natural sciences, engineering and technology, medical and health sciences and agricultural sciences.	https://nawa.gov.pl/nawa/a/a ktualnosci/profesura-nawa- prestizowy-grant-na-badania...
POLPHARMA SCIENTIFIC FOUNDATION	DIGITILIZATION FOR THE IMPROVEMENT OF TREATMENT RESULTS	31 May 2022	The aim of the call is to improve the cooperation between the doctor and the patient at prevention, treatment and rehabilitation stages by means of applying IT methods and tools. Schedule for submitting applications at the Medical University of Warsaw: By 10.05.2022 – deadline for sending completed applications with the budget to the address of the MUW Project Support Department awn@wum.edu.pl	https://polpharma.pl/nauko-wa-fundacja-polpharmy/konkurs-na-projekt-badawczy/
MINISTRY OF EDUCATION AND SCIENCE (MEiN)	IMPLEMENTATION DOCTORATE	1 June 2022	Creating conditions for the development of cooperation between HEIs and the social and economic environment, conducted as part of doctoral schools and consisting in education of doctoral students in cooperation with the enterprises or other entities they are employed by. The Programme consists of the following modules: 1. "Implementation Doctorate I" – support for writing doctoral dissertations by doctoral students conducting scientific activity in a different scope than specified in items 2 and 3; 2. "Implementation Doctorate II – artificial intelligence and quantum technologies" – support for preparation of doctoral dissertations by doctoral students conducting scientific activity in the field of using artificial intelligence and quantum technologies in technological and social processes, including those related to cybersecurity; 3. "Implementation Doctorate III – metrology" – support for preparation of doctoral dissertations by doctoral students conducting scientific activity in the field of using metrology in technological and social processes, including those related to the development of digital technologies and latest technologies in the areas of health, environment, energy and advanced measurement methods.	https://www.gov.pl/web/edukacja-i-nauka/komunikat-ministra-edukacji-i-nauki-o-ustanowieniu-vi-edycji-programu-doktorat-wdrozeniowy

			<p>Planned date of launching the call by MEiN in the ZSUN OSF system: 9 May 2022.</p> <p>Schedule of submitting proposals at the Medical University of Warsaw: By 12 May 2022 – deadline for sending to the address of the MUW Project Support Department awn@wum.edu.pl completed form FORM – IMPLEMENTATION DOCTORATE EDITION 2022/2023 The form will be available on 9 May 2022 on the webpage https://pnitt.wum.edu.pl/node/13772</p>	
NATIONAL SCIENCE CENTRE (NCN)	POLONEZ BIS 2	15 June 2022	<p>The POLONEZ BIS 2 call covers 24-month-long research projects implemented by scientists coming from abroad. The aim of the call is to develop the scientists' careers through supporting their international mobility and financing the ambitious research projects in leading Polish centres. The call is addressed to persons holding PhD degree or with at least four year's full-time research experience and who in the period of three years preceding the date of opening the call were not staying, studying or were not employed in Poland for more than 12 months in total.</p> <p>Schedule of submitting proposals at the Medical University of Warsaw: By 16 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the proposal in pdf format along with all appendices for verification by the Department's staff as well as the approvals of the Head of the Hospital Department/Unit and Hospital Director (if applicable); By 21 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the Cooperation Agreement (document downloaded from the proposal in OSF system) to be signed by Mr. Vice Rector for projects implemented in consortia; By 6 June 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the final version of the proposal in pdf format</p> <p>Deadline for sending approved applications to be signed by Vice-Rector for Science and Technology Transfer expires on 6 June 2022.</p>	https://www.ncn.gov.pl/ogl-oszenia/konkursy/polonez-bis2
NATIONAL SCIENCE CENTRE (NCN)	OPUS 23	15 June 2022	<p>The OPUS 23 call for research projects is addressed to researchers at any stage of their research careers. Research projects may be carried out over a period of 12, 24, 36 or 48 months respectively.</p> <p>Under OPUS 23, funding may be requested for research projects carried out:</p> <ul style="list-style-type: none"> • with the use of large-scale international research infrastructure by the Polish research teams; • without foreign partners; • in collaboration with partners from foreign research institutions. 	https://www.ncn.gov.pl/ogl-oszenia/konkursy/opus23

			<p>Schedule of submitting proposals at the Medical University of Warsaw: By 16 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the proposal in pdf format along with all appendices for verification by the Department's staff as well as the approvals of the Head of the Hospital Department/Unit and Hospital Director (if applicable); By 21 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the Cooperation Agreement (document downloaded from the proposal in OSF system) to be signed by Mr. Vice Rector for projects implemented in consortia; 6 June 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the final version of the proposal in pdf format. Deadline for sending approved applications to be signed by Vice-Rector for Science and Technology Transfer expires on 6 June 2022.</p>	
NATIONAL SCIENCE CENTRE (NCN)	PRELUDIUM 21	15 June 2022	<p>The PRELUDIUM 21 call for proposals is addressed to researchers who are not PhD holders. Maximum funds available in the call amount to PLN 70,000, PLN 140,000 or PLN 210,000 to finance projects of 12 months, 24 months or 36 months, respectively. Under the PRELUDIUM call for proposals, a research team must include the principal investigator and mentor, and the total number of research team members must not exceed three.</p> <p>Schedule of submitting proposals at the Medical University of Warsaw: By 16 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the proposal in pdf format along with all appendices for verification by the Department's staff as well as the approvals of the Head of the Hospital Department/Unit and Hospital Director (if applicable); By 21 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the Cooperation Agreement (document downloaded from the proposal in OSF system) to be signed by Mr. Vice Rector for projects implemented in consortia; 6 June 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl the final version of the proposal in pdf format.</p> <p>The deadline for sending approved proposals to be signed by Vice Rector for Science and Technology Transfer expires on 6 June 2022.</p>	https://www.ncn.gov.pl/ogloszenia/konkursy/preludiu_m21
NATIONAL SCIENCE CENTRE (NCN)	M.ERA-NET 3 CALL 2022	15 June 2022	<p>National Science Centre (NCN) in cooperation with the M-ERA.NET 3 network announces M-ERA.NET Call 2022 for international research projects regarding sciences related to materials and material engineering. International consortia may apply in the project consisting of at least 3 research teams from at least 3 countries participating in the call. The lead of the Polish team must have at least</p>	https://www.ncn.gov.pl/ws-polpraca-zagraniczna/wspolpraca-wielostronna/konkurs-mera/ogloszenie2022

			doctoral degree. The NCN Council establishes an amount of EUR 1,000,000 to be allocated for research projects implemented by Polish scientific teams under M- ERA.NET 3 Call 2022, encompassing, among others, the following topics: <i>New strategies for advanced material-based technologies in health applications</i>	
NATIONAL CENTRE FOR RESEARCH AND DEVELOPMENT (NCBiR)	M.ERA-NET 3 CALL 2022	15 June 2022	The aim of the M-ERA.NET 3 programme is to coordinate scientific research and development work, which will contribute to building a strong scientific environment and strengthening the European economy, thanks to the use of innovative materials and material technologies. The co-financing may be allocated to industrial research and development studies.	https://www.gov.pl/web/ncbr/m-er-net-3-call-2022
MINISTRY OF EDUCATION AND SCIENCE (MEiN)	BEST OF THE BEST 4.0	15 June 2022	<p>The subject-matter of the procedure is the procurement for education or training services for future research staff, aiming at supporting outstanding students in the development of their scientific activity, innovation, creativity through supporting their participation in international competitions, contests and conferences. The financial support may be allocated in particular for financing the participation of students in international contests, competitions, conferences. The funds may be also dedicated to the purchase of materials and services directly related to the objective of the international contests, competitions, conferences, being the subject-matter of the proposal submitted in response to this Invitation.</p> <p>The period of project implementation may not exceed 12 months and exceed the date of 30 June 2023.</p> <p>The cost of implementation of one project may not exceed:</p> <ul style="list-style-type: none"> • PLN 80,000.00 – for projects implemented by one student; • PLN 320,000.00 – for projects implemented by a group of students. <p>Schedule for submitting applications at MUW:</p> <p>At the latest by 16 May 2022 completed MUW application forms should be sent to the MUW Project Support Department awn@wum.edu.pl.</p> <p>Form to be downloaded on the website: https://pnitt.wum.edu.pl/node/13771</p>	https://www.gov.pl/web/edukacja-i-nauka/zaproszenie-do-skladania-ofert-w-ramach-iii-naboru-ofert-do-projektu-pozakonkursowego-o-charakterze-koncepcyjnym-pt-najlepsi-z-najlepszych-40-w-ramach-programu-operacyjnego-wiedza-edukacja-rozwoj-wspolfinansowanego-ze-srodkow-europejskiego-funduszu-spolecznego
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	MEDYK NAWA	30 June 2022	<p>The objective of the Programme is to strengthen the didactic potential of the HEIs providing education in medical professions on the basis of educational standards referred to in the Regulation of the Minister of Science and Higher Education of 26 July 2019 <i>on educational standards preparing to practise the profession of physician, dentist, pharmacist, nurse, midwife, laboratory diagnostician, physiotherapist and paramedic</i> (consolidated text, Journal of Laws of 2021, item 755).</p> <p>The aforementioned objective will be achieved by inviting to these HEIs</p>	https://nawa.gov.pl/naukowcy/medyk-nawa/ogloszenie

			representatives of medical professions, i.e. physicians, dentists, pharmacists, nurses, midwives, laboratory diagnosticians, physiotherapists and paramedics from abroad (both Poles permanently working abroad and foreigners).	
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	Joint research projects between Poland and Germany	30 June 2022	The aim of the call for applications is to support the mobility of scientists conducting research projects agreed and carried out jointly by eligible Applicants from Poland and partners from Germany	https://nawa.gov.pl/nawa/a/ktualnosci/zachecamy-do-wspolnych-projektow-badawczych-polska-niemcy
NATIONAL AGENCY FOR ACADEMIC EXCHANGE (NAWA)	Joint research projects between Poland and France	30 June 2022	The grants are to support the mobility of scientists conducting research projects in Polish and French teams. The financing is to be allocated for covering the travel expenses and the costs of stay of the Polish scientists in the partner's country.	https://nawa.gov.pl/nawa/a/ktualnosci/phc-polonium-nabor-wnioskow
NATIONAL CENTRE FOR RESEARCH AND DEVELOPMENT (NCBiR)	LIDER XIII	30 June 2022	<p>LIDER is a programme addressed to young scientists. The goal of LIDER Programme is to expand the competences of young scientists within independent planning of research work, management and leading one's own research team during the implementation of research whose results may have practical application and have implementation potential.</p> <p>Schedule of submitting proposals at the Medical University of Warsaw: By 23 May 2022 – deadline for sending to the MUW Project Support Department awn@wum.edu.pl information on the preparation of application.</p>	https://www.gov.pl/web/ncbr/lider-xiii
FUNDACJA NUTRICIA	Call for grants	30 June 2022	<p>Nutricia Foundation awards three types of grants for scientific research into human nutrition:</p> <ul style="list-style-type: none"> • Research grants – addressed to experienced researchers aiming at initiating and conducting scientific research in human nutrition, • Supervised project grants – for PhD candidates, • Scholarships – for young scientists, dedicated to obtaining necessary knowledge and practice, enabling the implementation of new procedures and methods of nutritional treatment as well as initiating and conducting scientific research in human nutrition. <p>Schedule of submitting the applications at the Medical University of Warsaw: By 16 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl information on the application being prepared, By 6 June 2022 – sending electronically to the address of the MUW Project Support Department awn@wum.edu.pl the application with budget and all attachments for the verification by the Department's Staff.</p>	https://www.fundacjanutricia.pl/dzialalnosc/konkurs-grantowy

			27 June 2022 - Date of submitting applications signed by the University Governance.	
MEDICAL RESEARCH AGENCY (ABM)	Call for enterprises for the financing of development, performance evaluation and clinical assessment of innovative medicinal products (ABM/2022/2)	30 June 2022	<p>The aim of the call is to provide support to Manufacturers (from the European Union area), having their branch or plant in the territory of the Republic of Poland), of medicinal products or medicinal products for <i>in vitro</i> diagnostics in conducting research and development work, which, as a result, in maximum 3 years as of the completion of the Project, will lead to Commercialisation of newly-developed novel Products.</p> <p>HEIs may take part in the project as a consortium member.</p> <p>Schedule of submitting the applications at the Medical University of Warsaw: By 16 May 2022 – sending to the address of the MUW Project Support Department awn@wum.edu.pl information on the application being prepared.</p>	https://abm.gov.pl/pl/konkursy/aktualne-nabory-1/1269.Konkurs-dla-przedsiębiorstw-na-finansowanie-opracowania-oceny-działania-oceny-kl.html
NATIONAL SCIENCE CENTRE (NCN)	JPIAMR 2022	15 July 2022	A call for international research projects on antimicrobial resistance. Proposals may be submitted by international consortia composed of at least three research teams from at least three countries participating in the call, where at least two teams must come from the EU member states or associated countries. The principal investigator of the Polish research team must hold at least a PhD degree.	https://www.ncn.gov.pl/ogloszenia/konkursy/jpiamr-2022
NATIONAL SCIENCE CENTRE (NCN)	MINIATURA 6	31 July 2022 or until allocation expires	<p>For the MINIATURA 6 call applications may be submitted for a single research activity carried out in one of the following forms: preliminary/pilot studies, library and archive searches, fellowships, research visits and/or consultations. The main objective of the call is to finance a research activity for the purposes of a future research project to be submitted to an NCN call for proposals as well as other national and international calls. Funds of from PLN 5,000 to PLN 50,000 can be applied for under the call, to finance a research activity to be carried out over a period of up to 12 months. Funds can be applied for by institutions employing researchers:</p> <ul style="list-style-type: none"> • whose scientific achievements include at least one paper published or at least one artistic achievement or achievement in research in art; • who were conferred their PhD degree after 1 January 2010. 	https://www.ncn.gov.pl/ogloszenia/konkursy/miniatura6
MINISTRY OF EDUCATION AND SCIENCE (MEIN)	EQUIPMENT	31 July 2022	<p>Applications for funding of investments related to scientific activity for the year 2023. An internal MUW call is open for applications for funding of investments related to scientific activity.</p> <p>Types of investment subject to financing:</p> <p>1- CONSTRUCTION – Types of investment:</p>	https://www.gov.pl/web/edukacja-i-nauka/uruchomienie-systemu-osf-skladanie-wnioskow-o-przyznanie-dotacji-na-inwestycje
