AEN/W/0725/216/2022

Warsaw, 20 April 2022

**Employees qualified for "N" number,
Doctoral Students, Students
of the Medical University of Warsaw**

Dear Sirs/Madams!

I am pleased to inform you about the launch of the next edition of internal grants, young scientist projects and student minigrants competitions, financed from the subvention obtained by MUW.

Competition organiser: **Councils of Scientific Disciplines**
Cooperation: **Student Scientific Association**
Administrative support: **Department of Science**

Competition Schedule:

20 April 2022, at 12:00

Call for projects starts

18 May 2022, at 16:00

Call for projects closes

By 30 June 2022, at 12:00

Announcement of results

Registration of applications is carried out in two stages:

- Preliminary registration in order to obtain access to the application: The employee may register at: <https://wumdn-rejestracja.wum.edu.pl> or outside of the network – by logging in to the SSL-VPN portal on MUW's main page or directly at: <https://ssl.wum.edu.pl/> by entering the bookmark: WUM dla Nauki -rejestracja (MUW for Science – registration).
- Preparation and submission of the application – after receiving access to the module in the SSL portal: **WUM dla Nauki (MUW for Science)**. The module will be available within 1-2 business days as of the preliminary registration and will remain active until the call for project applications is closed.

By the decision of HM Rector, in 2022 an amount of PLN 1,876,000 was allocated for financing of the competitions.

Below I present the budget of the competition divided into scientific disciplines and types of projects.

Maximum amount of financing/ number of projects	Internal Grants	Young Scientist Projects	Student Minigrants
	PLN 50,000	PLN 20,000	PLN 8,000
Total number of projects, including:	20	25	47
Medical sciences	16	16	26
Pharmaceutical sciences	1	6	8
Health sciences	3	3	13

The availability of the funds for the project implementation depends on the date of awarding the subvention of the Ministry of Health to MUW. Firstly, immediately after the projects are accepted, the funds will be released for the priority groups of recipients, i.e. for student mini-grants and young scientist projects. The beneficiaries of the internal grants shall receive the funds at their disposal after MUW is awarded the subvention. The project budgets will be divided into two instalments. The first instalment (50% of the budget) will be available for disbursement in 2022, the other funds will be available under the budget for 2023.

Announcements regarding the calls with call documentation are available on the webpage: <https://pnitt.wum.edu.pl/nauka-i-ewaluacja/projekty-wewn%C4%99trzne-mlodego-badacza-minigranty>, as well as on the websites of the Councils of Scientific Disciplines <http://radydyscyplin.wum.edu.pl/> in the bookmarks: Medical Sciences, Pharmaceutical Sciences, Health Sciences.

Competition conducted with the use of the WUM dla Nauki (MUW for Science) system.

Information provided by the Department of Science.
